

SEASON OPENS OCTOBER SIXTH

**Husky Bunch of Football
Players Being Rounded Into
Form By Coach Mallory.**

Football practice is going on regularly every afternoon in the field behind the High School. Under the efficient coaching of E. N. Mallory, who has been rendered valuable assistance by several members of the Alumni, the team is rapidly improving and rounding into shape. A squad of about thirty men is coming out every afternoon and all are working hard. Coach Mallory has some new plays which he expects to materially aid the team. A tackling dummy has been installed in order that the tackling of the team as a whole may be brought as near to perfection as is possible.

A larger number of Freshmen than usual have reported for practice this year and among those who are making creditable showings are Garrett, Durrett, Twyman and Harton. The varsity lost a good many of its men with last year's graduating class, but their places have been taken by members of last season's scrub team and a good line-up has been the result. Among these latter men are Anderson, Lebkuether, and Thompson. The scrub team deserves much credit for its hard and faithful work and for the valuable practice it has given the regulars.

While this year's team is not probably as heavy as in previous years, it makes up for lack of weight by pluck, speed, and aggressiveness. Mr. Mallory expects to turn out an excellent team and one which will be a strong contender for the championship honors of Western Kentucky.

An excellent schedule has been arranged and some good games are promised on the home grounds. The first game of the season will be played here with Adams, Tennessee, on Friday, October 6th. Adams has a strong team and the game will be hard fought and well worth seeing.

P. T.

First Christian Church.

J. Newton Jessup, Pastor.
Bible School 9:30 a. m. Geo. W. Crenshaw, Supt.
Christian Endeavor 6:30 p. m.
Prayer meeting Wednesday 7:30 p. m.

The pastor will preach in the morning on, "The Eagle Stirring up Her Nest," and in the evening on, "The Dignity and Greatness of Man."

Meeker Also Knocks.

Congressman Jacob O. Meeker, of St. Louis, spoke at the court house Wednesday night in the interest of the Republican ticket. He took a shot at the Wilson administration in general, criticized the Mexican policy and the European policy and discussed tariff and free trade from a protection standpoint.

He spoke in Paducah and Princeton earlier in the week. He came unheralded and had only a small crowd.

No Titles in Greece.

The ancient Athenian democracy has projected itself well-nigh intact into the life of Greece as it is today. Class distinctions are unknown. Titles of nobility are forbidden by the constitution, even though every native of Corfu claims to be a Venetian count. The Crown Prince is known only as the Diadochos, or Successor. Neither wealth nor education hinders the association of all upon terms of the most absolute equality.

Death Near Cerulean.

Mrs. Otho Cornelius, wife of a prominent farmer living near Cerulean Springs, died Tuesday night. The husband and eight children, one an infant of only a few days, survive. The burial was at the family cemetery near Carroll's Hill, in Christian county.—Cadiz Record.

Catarh Cannot Be Cured.

With LOCAL APPLICATIONS, as they cannot reach the seat of the disease, Catarh is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarh Cure is taken internally, and acts directly upon the blood and mucous surfaces. Hall's Catarh Cure is not a quick medicine. It was prescribed by one of the best physicians in this country for years and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing Catarh. Send for testimonials, free. J. J. CHENEY & CO., Props., Toledo, O. Sold by Druggists, price 75c. Take Hall's Family Pills for constipation.

GIRL COULD NOT WORK

**How She Was Relieved from
Pain by Lydia E. Pinkham's
Vegetable Compound.**

Taunton, Mass.—"I had pains in both sides and when my periods came I had to stay at home from work and suffer a long time. One day a woman came to our house and asked my mother why I was suffering. Mother told her that I suffered every month and she said, 'Why don't you buy a bottle of Lydia E. Pinkham's Vegetable Compound?' My mother bought it and the next month I was so well that I worked all the month without staying at home a day. I am in good health now and have told lots of girls about it."—Miss CLARICE MORIN, 22 Russell Street, Taunton, Mass.

Thousands of girls suffer in silence every month rather than consult a physician. If girls who are troubled with painful or irregular periods, backache, headache, dragging-down sensations, fainting spells or indigestion would take Lydia E. Pinkham's Vegetable Compound, a safe and pure remedy made from roots and herbs, much suffering might be avoided.

Write to Lydia E. Pinkham Medicine Co., Lynn, Mass. (confidential) for free advice which will prove helpful.

STATE FAIR RECEIPTS

\$5,100 OVER LAST YEAR

All May Not Be Saved To Surplus Because of Expense.

Frankfort, Ky., Sept. 22.—State Fair receipts this year ran \$5,100 above those of last year, Commissioner of Agriculture Mat S. Cohen said. The net revenue may not be increased that much because of some extra expense.

Monkeys as Doctors

San Francisco, Sept. 22.—Fifty monkeys, the survivors of one hundred brought here from the Orient to be used in connection with infantile paralysis research work were on the way to the Rockefeller Institute in New York.

Lung trouble killed fifty of them after their arrival here. The monkeys are a ferocious lot and Dr. H. H. Hicks, local head of the United States Bureau of Animal Industry, had much difficulty in keeping the larger ones from killing their smaller companions.

Contest Closed.

The Bowling Green News closed a popularity contest Saturday. Master Robert Burch won the automobile with 756,450 votes, Bessie Greenberg won the Victrola with 727,150 votes, Bessie Williams won the \$25 in cash with 602,100. Nine boys and girls each won \$5.00 merchandise orders.

Colored Celebration.

The colored people celebrated Emancipation Day here yesterday. There was a very creditable parade and exercises were held at the ball park. The Elkton colored band furnished music.

TALENT SELECTED FOR OUR COMING LYCEUM COURSE

**Attractions For Season of
1916-17 Announced.**

ALL TASTES CONSIDERED.

Local Committee Provides Select Year's
Program at Popular Prices.

With more than 15,000 Lyceum courses in the United States, averaging five numbers each and attended annually by 10,000,000 people, the supply of clean, wholesome winter's entertainment in this country is enjoying a substantial and healthy growth. Thousands of towns and cities have learned from experience that a Lyceum course is beneficial to community life in many ways. Only entertainment which is worth while can grow and stand the test of years as the Lyceum movement has done.

For the coming fall and winter in our community a choice program has been selected by the local auspices, and tickets will be sold at popular prices. A description of each number on this course follows:

THE MUSICAL GUARDSMEN.

The Musical Guardsmen, six young men with excellent voices and skilled on numerous musical instruments, are scheduled for a long Lyceum tour this season.

This organization has been rightly styled "A Singing Orchestra." They

THE MUSICAL GUARDSMEN.

appear in evening dress for their popular medleys and song hits and then in military uniform for their marches, overtures and other instrumental selections. In their vocal numbers there is all the rollicking action of a college football club.

WILLIAM RAINEY BENNETT.

Mr. Bennett's lectures are inspirational, popular, humorous and dramatic. He is known as "The Man Who Cans." His lecture thus named is particularly valuable to the young men and women of a community. It is absolutely different from the ordinary lecture of this type, and nothing about it is "forced." In this lecture Mr. Bennett tells his dramatic story of "The Wolf Chase."

"The Master Thought" and "Machines and Millionaires" are subjects of two other lectures by Mr. Bennett.

WILLIAM RAINEY BENNETT.

The one deals with the power over self and advocates the cultivation of every force, physical and mental, in the fight for success; the other deals with modern inventions along mechanical lines. Neither of these lectures is a dry bunching of figures; but, on the contrary, all of his talks are vitally interesting and well-illustrated with appropriate stories dramatically told.

For eight years Mr. Bennett was coach and tenor with the Hesperian Male Quartet of Chicago, and if the request is made he precedes his lecture with a short musical program.

It has been said that Bennett knows just how far he can spank an audience and then kiss away the tears. He has a laugh that relieves. He is listed in "Who's Who in America."

Burt Dudley, charged with the murder of Henry Muller, an aged German, and his wife, was taken from jail at Olathe, Kan., Thursday by a mob and hanged to a telegraph pole.

Fight The Fly

1-2 Bu. More Wheat Per Acre Will Pay The Cost.

Kentucky Farmers have given 'CHEAP FERTILIZER' a thorough trial and the result has been the poorest crops ever grown in the state. The shortage in our wheat crops for 1915 and 1916 means a loss of millions of dollars to Kentucky; and some of our best farmers say that they must either get more bushels per acre or quit raising wheat.

YOU WILL FIND GOOD WHEAT WHERE GOOD FERTILIZER WAS USED.

The difference in cost per acre between HIGH-GRADE 'GLOBE FERTILIZER,' furnishing all the plant food elements needed for a good wheat crop, and the CHEAP, ONE-ELEMENT FERTILIZER, is less than the price of one-half bushel of wheat.

The United States Department of Agriculture says that the only way to grow wheat in spite of the Fly is to plant late and supply the crop with sufficient plant food to give it vigorous root and growth and enable it to stand both the winter freezes and the attacks of the Fly.

Here are the Quality points which make GLOBE FERTILIZER the choice of farmers who have studied the Fertilizer Question and know real plant food values.

RICH IN READILY AVAILABLE PHOSPHORUS, "The Grain-Making Material;" free from injurious Sulphuric Acid and in perfect mechanical condition.

GRADUATED NITROGEN FROM MANY SOURCES, selected and combined so as to feed the crop from Seed-Time to Harvest.

DOUBLE VALUE VEGETABLE POTASH from Kentucky Burley Tobacco Stems; Organic Humus-Producing Potash.

ALL PLANT FOOD, WITHOUT WORTHLESS FILLER or USELESS WASTE. Finely Ground Bone Phosphate of Lime to sweeten sour soils and provide for future fertility.

5 PER CENT. to 10 PER CENT. LESS MOISTURE than is found in other brands—that means 100 to 200 pounds more plant food material per ton.

THE HIGHEST STANDING in KENTUCKY FERTILIZER BULLETINS. The Reports of your State Chemist show that GLOBE FERTILIZER contains \$2.00 to \$4.00 per ton more actual plant food than other brands which are offered you as "just as good."

Don't lose another wheat crop. Give us your order for

The kind that will help you grow wheat in spite of the Fly.

For those who want a "cheap fertilizer," we have it. Get our price before you place your orders for Acid Phosphate and save money.

Planters Hardware Company

Incorporated
Hopkinsville, Kentucky

LICENSE REQUIRED

**Horse Traders Find Them-
selves Up Against It in
Princeton.**

Princeton, Ky., Sept. 22.—Non-resident horse jockeys have been put to considerable disadvantage here since the passage of an ordinance by the City Council requiring horse traders who do not reside in Caldwell county to pay a daily license fee of \$10.

The third Monday in each month is known here as County Court day, and a large number of horse traders from adjoining counties assemble here on that day and trade and retrade. Last Monday was the first third Monday since the City Council put a license on non-resident horse jockeys, and many of them from adjoining counties, unaware of the passage of the ordinance,

came here for the purpose of trading horses. They were much chagrined upon being informed that they would be required to pay a license before they could legally trade horses. However, none of the traders obtained a license, but it seemed that the ordinance was obeyed, as no arrests were made for any violation.

The ordinance provides for a fine of \$10 for violations, and each horse trade constitutes a separate offense.

Meagher Injunction.

Frankfort, Ky., Sept. 20.—The Court of Appeals will hear a motion next Monday to dissolve the injunction M. J. Meagher secured against the Democratic Committee of the Twentieth district, restraining it from nominating any one else for Senator.

President Wilson has accepted an invitation to speak in Indianapolis, Oct. 12 at the celebration of Highway Day in connection with the Indiana centennial observance.

NEW EXAMINER

**Youthful Teacher of Kelly
School is Highly Honored.**

Prof. Lowe Johnson, teacher of the school at Kelly, has been appointed by Superintendent Foster as county examiner to succeed Prof. B. F. Brown, who recently moved to Mississippi. Prof. Johnson's selection will give general satisfaction.

He served for the first time at the city courtroom last Saturday. Prof. L. J. McGinley, principal of the Howell high school, is the other examiner for this county.

Dr. Welch Declines.

Frankfort, Ky., Sept. 22.—Dr. T. R. Welch, of Nicholasville, declined election as secretary of the State Tuberculosis Commission. He said he could not afford to abandon his practice to take up the movement.
